The visible supply of wheat in Europe decreased 7,364,000 bushels for the week to 76,918,000 bushels against \$4,312,000 bushels last week and 78,000,000 bushels last year. NEW YORK, Jan. 5.—It is understood that \$2,000,000 in gold bars has been withdrawn from the assay office for export to

It will be recalled that frequently the Bank of France has entered into arrangements with bankers here for the purchase of gold irrespective of the position of exchange. At the present time exchange does not warrant the export of the metal, rather the market favors gold imports.
